Sage Clarity Selected by CIO Review for 20 Most Promising Manufacturing Technology Solution Providers

Annual list showcases the 20 Most Promising Manufacturing Technology Solution Providers. Sage Clarity makes it to CIO Review's top Manufacturing Technology Solution Providers list for providing a platform, which combines best of breed mobile and web applications with rich data analytics and visualization to enhance supply chain and manufacturing performance.

FREMONT, CA—November 3, 2014—CIO Review (www.cioreview.com) has chosen , Sage Clarity, (www.SageClarity.com) for its 20 Most Promising Manufacturing Technology Solution Providers. The selection is based on Sage Clarity's creative mobile analytics technology solutions that advance the way the manufacturing supply chain world works. Sage Clarity provide tools and technologies that enable better decision making for manufacturing organizations. This coupled with their experienced consultants lends clarity and insight to manufacturing operations.

The annual list of companies is selected by a panel of experts and members of CIO Review's editorial board to recognize and promote technology entrepreneurship. "Sage Clarity has been on our radar for some time now for stirring a revolution in the manufacturing space, and we are happy to showcase them this year due to their continuing excellence in delivering top-notch technology-driven solutions," said Harvi Sachar, Publisher and Founder, CIO Review. "Sage Clarity's solutions continued to break new ground within the past year benefiting its customers around the globe, and we're excited to have them featured on our top companies list."

"Sage Clarity is honored to be recognized by CIO Review's panel of experts and thought leaders," said John Oskin, CEO, Sage Clarity. "We thank CIO Review and our world-class set of clients for partnering with us and achieving this distinction."
